

Dear Gin Lover,

Welcome to Hyde Bar Galway – A unique offering of the more curious and unusual tastes the world of Gin has to offer.

The Hyde Gin Bible contains Irelands most remarkable physical collection of Gin. Building the Hyde Collections was a huge task, which took over a year to curate and assemble. We are also delighted to feature a selection of rare and exceptional Gins from Ireland but also from all corners of the world.

We love our range of Bombay and we love to pair with Fever Tree but this bible allows you to find other Gins from places you may love.

This bible will continue to grow as we continue to grow, our dream is to gather the largest Gin, Vodka, Rum and Tequila collection in Ireland as you the customer desire.

We hope that you are able to try things here that you would otherwise not find; and that you will enjoy our treasures as much as we have enjoyed collecting them and sharing them with you.

Warmest regards,

Mr. Hyde.

Gin; a clear alcoholic spirit distilled from grain and flavoured with juniper berries (and other botanicals). The name is derived from the French *genièvre* or the Dutch *jenever*, which both mean juniper.

Juniper; an evergreen, dioecious shrub that grows all throughout the Northern Hemisphere. It produces a long ripening berry that when dried can impart a piney, citrusy, floral aroma and flavour.
