IRISH GIN

Rested in Bordeaux casks after distillation, which adds to its lovely pink hue as well as a depth of flavour, our Hyde Gin is a charming, rounded, and complex gin that is a real delight and opens up vibrantly in a G&T. Best served with a chilled premium tonic and garnished with the citrus and pine notes of lemon & bay leaf.

A vibrant, stylized illustration of a tropical jungle. The scene is filled with various types of green leaves, including large monstera leaves with characteristic splits, palm fronds, and broad-leafed plants. A small grey monkey is perched on a vine on the left side, holding a small orange fruit. In the center, a large red hibiscus flower is in full bloom. To its left, there are clusters of red and orange tropical flowers. At the bottom left, a pink hibiscus flower is partially visible. The background is white, making the colorful foliage stand out. The text 'Drinks Menu' is centered in the upper half of the image.
